DAVID POKORNY MAKING MOM PROUD On August 3, Pokorny, 38, will leave his home in St. Louis and ride his bike 1,000 miles to Manitou Springs, Colorado, where he will run the Pikes Peak Marathon on August 20. His mom, Pat, a survivor of polycystic kidney disease (PKD), isn't just his inspiration—she's leading her son's support crew. "It makes it more special that my mom will be there with me," says Pokorny, a marketing director for Fox SportsNet, who hopes to raise \$70,000 for PKD research. —G.K.
